

With a solid Canada-wide presence, Altus Group is strengthening its core team to meet the demand for unparalleled expertise.

We are now accepting applications for a **Field Representative / Survey Crew Chief**

WHAT WE OFFER CLIENTS

With over 320 employees in 14 offices across Canada, Altus Group's Geomatics Division provides integrated Field Surveys, Mapping, Remote Sensing (LiDAR/3D Laser Scanning), Land Use Planning, Environmental Consulting and GIS (Data Solutions and Systems) services to the energy, forestry and construction industries in Western Canada. We value achieving a level of service that anticipates, understands and exceeds our clients' expectations.

WHAT WE OFFER EMPLOYEES

Joining our collaborative team means working with the industry's best. We are proud of our company culture where the emphasis is on supporting each other in a passionate, team environment, keeping us a measure above. Our commitment to job safety is unparalleled. Our excellent compensation package includes an industry competitive benefits package. We encourage promotion from within our organization and offer professional development support to grow your skill set and advance your career with Altus Group.

WHAT YOU'LL DO

As a **Field Representative** in our **Grande Prairie** office, in a **Safety Sensitive Position*** and collaborative member on our Team, you will play an integral role in our growing operation.

- Willing to be away from home and work outdoors in all climates, conditions and terrain
- Analyze source maps, construction plans, survey data, photographs, computer records and other related information
- Collect and document field conditions and land related information
- Precisely measure angles, distances and elevations using precise leveling, high precision total stations and GNSS methods to achieve millimeter tolerances required for industrial specifications
- Prepare legible and detailed field notes with sketches and perform advanced, complex survey calculations

WE'LL MEASURE SUCCESS BY HOW YOU:

- Demonstrate commitment to our safety culture by actively participating and following all policies and procedures
- Provide supervision and mentoring to junior field staff and survey assistants
- Build and nurture client relationships to identify and further develop opportunities with our clients
- Keep time and expense submissions current
- Understand all regulatory and technical requirements for your projects

WHAT YOU'RE SKILLED AT:

- Ability to work in a fast paced environment with a strong work ethic
- Collaborative attitude, ability to excel in a team and independent environment
- Commitment to customer satisfaction through problem solving
- Excellent communication (verbal and written), interpersonal, conflict resolution and negotiation skills
- Goal orientation with a drive to exceed expectations
- Superior attention to detail to produce professional deliverables
- Ability to manage time and priorities effectively, results oriented

WHAT YOU'VE DONE

- Obtained a Geomatics Technology Diploma (or equivalent) or have a survey related background (asset)
- Gained at least 3 years of experience surveying in the oil field
- Hold a class 5 driver's license (driver's abstract required)

Closing Date: **January 31, 2019 or until a suitable candidate is found.** Please include a cover letter with your resume. You must be eligible to work in Canada. Only those selected for an interview will be contacted. Thank you to all applicants in advance.

Please email applications to Kim Mehr at geomaticsemployment@altusgroup.com
